ACE800

8" 2-WAY TRIMLESS IN-CEILING SPEAKER PAIR

120W • 8Ω • 40Hz - 20kHz • White

Ordering

Model ACE800 • Sold as a pair (2 speakers) • White, paintable magnetic grille • 10-year warranty

Interior designers like the OSD Audio ACE (Architectural Ceiling Element) series because it pairs elegant, modern style with strong audio performance. The ACE800 brings that to larger rooms: an 8" two-way trimless in-ceiling speaker pair with fuller bass for great rooms, living rooms, open floor plans and home theaters.

Bigger Sound for Bigger Rooms

An 8" woofer brings fuller bass to great rooms, living rooms and open floor plans.

Two-Way with Pivoting Tweeter

An 8" polypropylene woofer handles lows and mids, and a 1" pivoting PEI dome tweeter aims crisp highs toward your seat.

Long-Lasting Rubber Surrounds

Butyl rubber surrounds give the woofer deeper bass and wider frequency response than foam, and they last far longer, so the speakers keep sounding right year after year.

Trimless Magnetic Grilles

The micro-flange grille is held on by strong magnets and sits close to the ceiling for a clean, flush look with no visible trim ring.

Easy Install, Sold As a Pair

Spring-loaded binding posts and built-in dog-ear brackets make installation quick.
