ICE600WRS

6.5" WEATHER RESISTANT IN-CEILING SPEAKER PAIR

150W • 8Ω • 48Hz - 20kHz • 90 dB

Ordering

Model ICE600WRS • Sold as a pair (2 speakers) • Paintable grille • 10-year warranty

The OSD Audio ICE600WRS is a weather resistant 6.5" in-ceiling speaker pair with a pivoting 1" tweeter and rust-resistant aluminum grille, for bathrooms, kitchens, covered patios and porches.

Made for Humid Spaces

Weather resistant construction with a Santoprene woofer surround and rust-resistant aluminum grille handles bathrooms, laundry rooms, kitchens and covered outdoor patios.

Clear, Full Sound

6.5 inch polypropylene cone woofer and 1 inch pivoting polycarbonate dome tweeter deliver balanced audio from 48Hz to 20kHz for music, TV and background listening.

150W Power Handling

90 dB sensitivity and 8 ohm impedance work with most stereo amplifiers, AV receivers and multi-zone systems; spring loaded terminals for quick wiring.

Aim the Sound

The pivoting tweeter directs high frequencies toward your listening area, so vocals stay clear even when speakers sit off to the side.

Check the Fit

Needs a 7.95" cutout and 4.33" of clearance above the ceiling; the paintable grille is 9.06" across. Dog ear clamps, no brackets needed.

Specifications

Type	6.5" weather resistant 2-way ceiling speakers
Woofer	6.5" polypropylene cone, Santoprene surround
Tweeter	1" pivoting polycarbonate dome
Terminals	Spring loaded
Frequency Response	48Hz - 20kHz
Power Handling	150W
Sensitivity	90 dB

Impedance	8 Ohms
Outer Diameter	9.06"
Mounting Depth	4.33"
Cutout Diameter	7.95"
Sold As	Pair
Warranty	10 Years
