ICE610

6.5" 2-WAY IN-CEILING SPEAKER PAIR

120W • 8Ω • 50Hz - 22kHz • 88 dB

Ordering

Model ICE610 • Sold as a pair (2 speakers) • Paintable grille • 10-year warranty

The OSD Audio ICE610 is a 6.5" in-ceiling speaker pair with a pivoting tweeter, butyl rubber surround and paintable snap-in grille, for whole-home audio, home theater and multi-room systems.

Balanced Room-Filling Sound

6.5 inch polypropylene cone woofer and 1/2 inch PEI dome tweeter deliver clear highs, natural vocals and solid bass from 50Hz to 22kHz.

Pivoting Tweeter

Aim the tweeter toward your seating area for better clarity and imaging, ideal for living rooms, kitchens, bedrooms, media rooms and home theater surrounds.

120W Power Handling

88 dB sensitivity and 8 ohm impedance work with most stereo amplifiers, AV receivers and multi-zone systems; spring loaded terminals for quick wiring.

Built to Last

Butyl rubber surround offers better damping and a longer life than foam, so the speakers keep sounding good for years.

Check the Fit

Needs a 7.95" cutout and 3.31" of clearance above the ceiling; the paintable grille is 9.06" across. Dog ear clamps, no brackets needed.

Specifications

Type	6.5" 2-way flush mount ceiling speakers
Woofer	6.5" polypropylene cone, butyl rubber surround
Tweeter	1/2" pivoting PEI dome
Enclosure	Infinite baffle design
Frequency Response	50Hz - 22kHz
Power Handling	120W
Sensitivity	88 dB

Impedance	8 Ohms
Outer Diameter	9.06"
Mounting Depth	3.31"
Cutout Diameter	7.95"
Sold As	Pair
Warranty	10 Years
