ICE800WRS

8" WEATHER RESISTANT IN-CEILING SPEAKER PAIR

150W • 8Ω • 38Hz - 20kHz • 90 dB

Ordering

Model ICE800WRS • Sold as a pair (2 speakers) • Paintable grille • 10-year warranty

The OSD Audio ICE800WRS is a weather resistant 8" in-ceiling speaker pair with a pivoting 1" tweeter and rust-resistant aluminum grille, with bass down to 38Hz for bathrooms, kitchens, covered patios and porches.

Made for Humid Spaces

Weather resistant construction with a Santoprene woofer surround and rust-resistant aluminum grille handles bathrooms, laundry rooms, kitchens and covered outdoor patios.

Full, Deep Sound

8 inch polypropylene cone woofer and 1 inch pivoting polycarbonate dome tweeter deliver rich bass and clear highs from 38Hz to 20kHz, great for larger covered spaces.

150W Power Handling

90 dB sensitivity and 8 ohm impedance work with most stereo amplifiers, AV receivers and multi-zone systems; spring loaded terminals for quick wiring.

Aim the Sound

The pivoting tweeter directs high frequencies toward your listening area, so vocals stay clear even when speakers sit off to the side.

Check the Fit

Needs a 9.06" cutout and 4.13" of clearance above the ceiling; the paintable grille is 10.24" across. Dog ear clamps, no brackets needed.

Specifications

Type	8" weather resistant 2-way ceiling speakers
Woofer	8" polypropylene cone, Santoprene surround
Tweeter	1" pivoting polycarbonate dome
Terminals	Spring loaded
Frequency Response	38Hz - 20kHz
Power Handling	150W
Sensitivity	90 dB

Impedance	8 Ohms
Outer Diameter	10.24"
Mounting Depth	4.13"
Cutout Diameter	9.06"
Sold As	Pair
Warranty	10 Years
