

NERO MB5 Bookshelf Speakers

The Nero MB5 is an expertly engineered monitor speaker that delivers professional level sound output. This compact and well crafted bookshelf speaker incorporates bleeding edge audio component technologies including a 5.25" composite fiberglass woofer that consistently supplies vivid, punchy and accurate bass that satisfies but doesn't overload the room, as well as a 1" ferrofluid cooled soft dome tweeter. This type of tweeter is an audiophile favorite because the ferrofluid treated surface damps unwanted resonances and cools the voice coil to improve sound quality and prevent overheating. This monitor speaker is a compact heavy lifter that includes a front bass reflex port that directs energy forward and away from rear walls.

FEATURES

- Woofer: 5.25" Glass Fiber Cone W/ Rubber Surround
- Tweeter: 1.0" Silk Dome
- Freq Response: Low-75Hz +/- 3dB to 50Hz +/- 9dB High-30kHz
- Sensitivity: 90dB 1w/1m
- Max SPL: 110dB
- Impedance: 4 Ohm
- Horizontal Coverage: 110°
- Vertical Coverage: 70°
- Power Handling: 100W
- Crossover Frequency: 12dB Second Order at 3500Hz
- Cabinet: Front Inverted W/ Transparent Fabric Grille & 3M® EVA Antivibration Pad
- Dimensions (WxHxD): 7.28 x 11.8 x 9.57 in. 185 x 300 x 243 mm
- Weight: 7.9lbs 3.6Kg
- Color: Black
- Warranty: 10 Years
- Sold in Pairs
