

T65 MKII In-Wall LCR Speaker

The T65 MKII speaker can handle any type of audio without compromising the sound quality, providing you an uninterrupted auditory journey. Whether you're listening to a quiet, intimate conversation or a loud, bombastic explosion, the T65-MKII ensures that you hear every detail with stunning clarity. The high-power handling ensures that you can enjoy non-stop entertainment without any interruptions.

A discrete solution to space limitations in home theaters or media rooms, the in-wall design liberates floor and room space while providing superior sound quality. This design is perfect for those who want to enjoy high-quality sound without the need for bulky, obtrusive speakers. The in-wall installation also helps to create a clean, uncluttered look in your home.
